

Norra Cards

Unique designs | Inspired by Nordic nature | Sustainable

CATALOGUE 2023

About Norra Cards

Norra Cards offers sustainable greeting cards and decorative posters, inspired by Nordic nature.

The designs are hand-painted and then printed with bio-ink on paper made from grass and recycled paper.

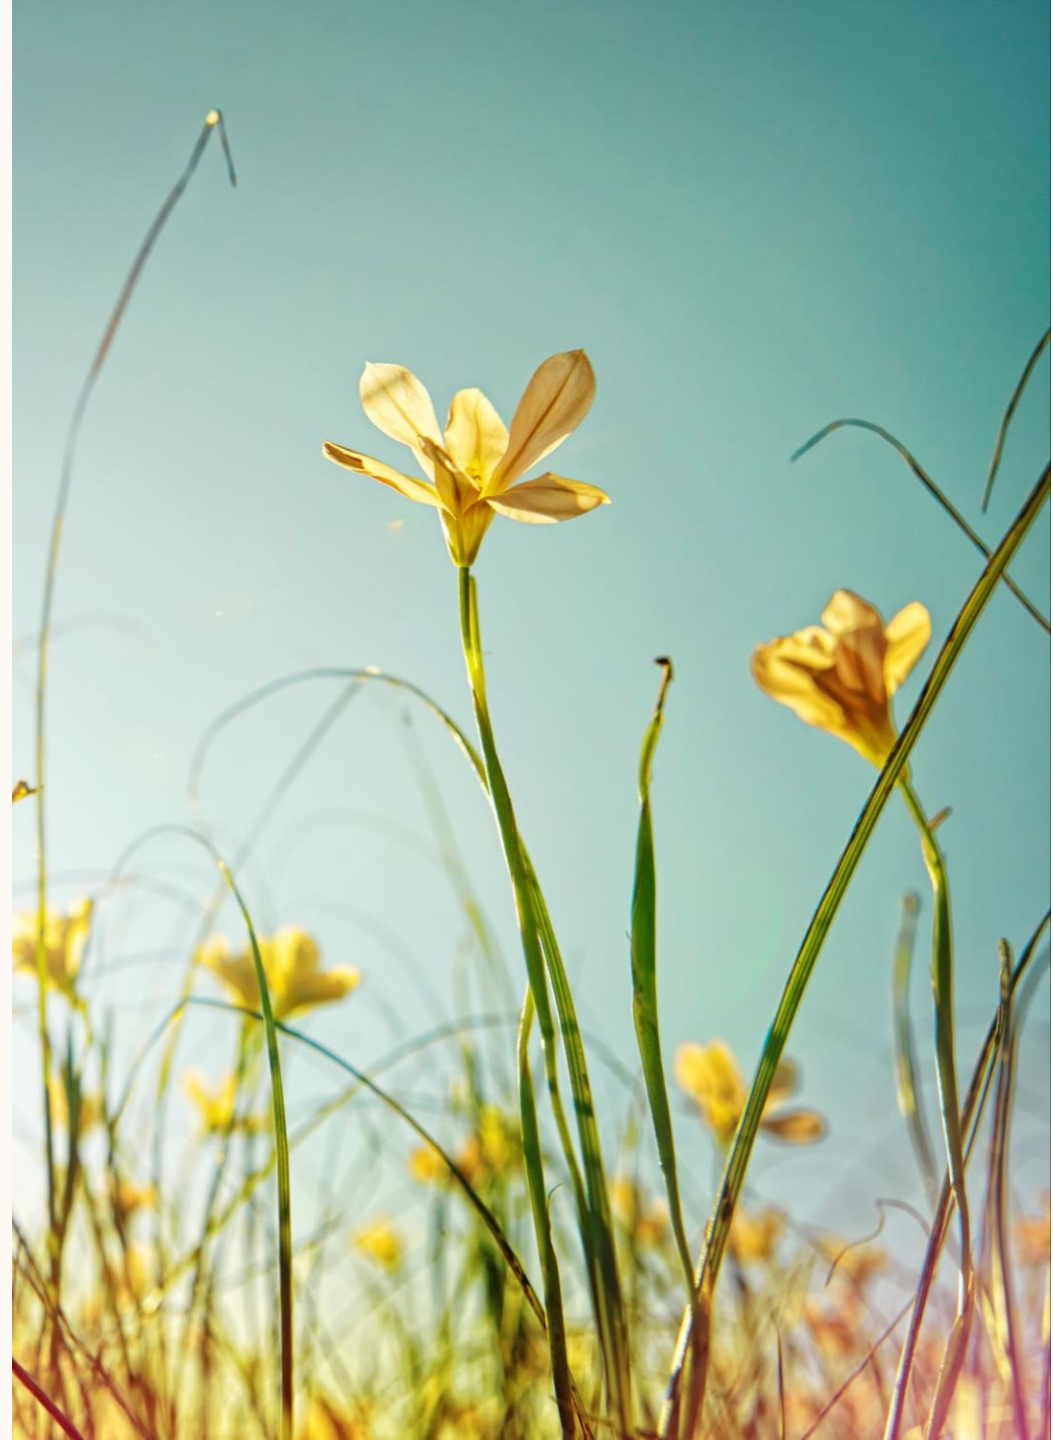

Paper from recycled materials, promoting biodiversity

All cards and posters are printed on special paper developed in the Netherlands, made with flowery grass mowed from **bee-friendly** roadsides that promote biodiversity.

The paper consists of **70% unbleached recycled paper fibres** and **30% flowery roadside grass**.

The end product is a high-quality sustainable greeting card that has a very rustic and natural look and feel. This combines very well with Nordic nature designs of Norra cards!

Collection

Collaborating with Norra Cards?

With Norra Cards, you can offer your customers a sustainable alternative to regular greeting cards and posters, with a unique Nordic touch.

I am always happy to explore collaboration opportunities with other businesses with a focus on sustainable products. I offer a no-risk trial period for shops, which I am glad to further discuss.

Currently, Norra Cards are for sale in selected shops in Denmark, Sweden and the Netherlands

Do not hesitate to contact me via:
